[H2]Wherever You Are in Louisiana

Louisiana is home. I grew up here, and that Southern, straight-talking, no-pretense way of dealing with people is baked into how I work. For a lot of Louisiana clients, that familiarity matters. You are not explaining your world to an outsider.

Louisiana is also ahead of most states on interstate care. As of 2026 it is one of only a handful of states where the Counseling Compact is fully operational, and Louisiana licenses a specific teletherapy specialization for counselors providing care by secure audio and video. That means online therapy here rests on licensure rules the state has purposely built for it, not a workaround.

[IMAGE]	We're a good fit if: ✓ You want unconventional, on-demand access You value a practice designed to reach you in the moment, not one that books you weeks out. ✓ Distance or a mountain pass has kept you from care The right therapist should not depend on where in Louisiana you live. Online, rural parishes and New Orleans get the same access. ✓ You want a results-oriented therapist You are ready for a therapist who names patterns, asks hard questions, and helps you move on your timeline.

Yes. I am licensed to provide counseling to clients physically located in Louisiana, through the Louisiana Licensed Professional Counselors Board of Examiners. License #7726

Is online therapy legal in Louisiana?

Yes. Louisiana specifically licenses counselors to provide teletherapy by secure audio and video, and it is one of the states furthest along on interstate online care. What matters is that your therapist is authorized where you are located, and for Louisiana clients, I am.

Can you verify your Louisiana license?

Yes. Louisiana keeps a public licensee search through the LA LPCBE, so you can confirm any counselor's standing before you book. License #7726

Do you have an office in Louisiana?

No. I work online across Louisiana by secure video, so you can meet from somewhere private.

Are you really from Louisiana?

Yes. Louisiana roots, and it shapes how I work, direct, warm, and without a lot of pretense. For a lot of clients here, not having to explain the culture is part of why it fits.
